We use a variety of weaving techniques to make every towel we design stand out from the rest.

Double "Jac"
Special weaving technique gives an embroidered look to logos and text.

50/50 Tweed
Achieved by alternating color loops, creating a blend of 2 colors.

Sculpting
Creates a 3D look to the towel by reversing the loops and adding texture.

Scrubber
Small sculpted squares to create a checkered and unique pattern

Small Order/Quick Ship

We understand that sometimes you need small orders or need towels quickly, these color combos are available to ship within 3 weeks.

The GloveRideTM Golf Glove Caddy

The GloveRideTM Golf Glove Caddy attaches to your golf bag and becomes a permanent residence for one or more of your golf gloves. Let your gloves hang here during or between rounds so they can stay shaped properly while drying. Never again have to search through your bag just to find your glove all crumpled up and misshaped. The Glove Caddy also includes a poker chip ball marker. For orders of 20 pieces or more we will customize the poker chip with your logo - perfect for golf outings and tournament tee gifts.

This product is manufactured in the United States and a portion of all proceeds are donated to The First Tee.
